Health & Welfare Benefits

We appreciate your commitment to our success. We're equally committed to providing you with competitive, affordable, health and wellbeing benefits to help you take care of yourself and your family.

Please read this guide carefully as it includes a summary of your options and helpful tips for getting the most value from your benefit plans. We understand that you may have questions about your benefit enrollment, and we'll do our best to help you understand your options and guide you through the process.

This guide is not your only resource. Anytime you have questions about benefits or the enrollment process, you can contact your NSU Benefits Team at loa@nova.edu, visit nova.edu/hr/benefits or visit ICUBAbenefits.org. Although this guide contains an overview of benefits, for complete information about the plans available to you, please see the summary plan description (SPD).

New Hire Enrollment

New Hire Enrollment is your first opportunity to enroll in benefits for you and your

eligible dependents. As a new employee, you must make your benefit elections within 30 days of your hire date. Once you have enrolled in benefits, your elections are binding for the remainder of the plan year.

Mid-year changes to your benefits are permitted when you or a family member experiences a Qualifying Life Event, or during Annual Enrollment for benefits. Annual Enrollment is your opportunity to review your coverage and make changes to your benefits without a Qualifying Life Event. During annual enrollment, you can add or remove coverage and eligible dependents in your family to your benefits effective at the beginning of the next plan year.

Eligibility Requirements

EMPLOYEE

Full-time employees that work 28 hours or more. Part-time employees that work 19.2 hours or more are eligible for voluntary benefits only, e.g., Dental, Vision, Group AFLAC, Life insurance, Short and Long-term Disability, LegalShield and Pet Insurance.

DEPENDENTS

Your eligible dependents include: your legally recognized spouse or qualified domestic partner and your legal child dependent(s) including natural child, legally adopted child, stepchild, child required to be covered pursuant to a Qualified Medical Child Support Order, child with proof of legal guardianship who resides with you, or a foster child. Dependent children may remain on the ICUBA plan until the end of the calendar year in which age 26 is attained.

WAITING PERIOD

Eligibility begins the 1st of the month coincident with or following the month of hire. New employees must enroll within 30 days of hire.

Qualifying Life Events

The Health Insurance Portability and Accountability Act 1996 (HIPAA), allows you to make certain changes to your benefits when you experience a Qualifying Life Event outside of your new hire or annual enrollment periods. Qualifying life events permit you to make changes to your benefits, provided you notify your employer, make your benefit elections online, and provide documentation to support the changes within 30 days of the event.

The following events are considered Qualifying Life Events that would enable you to make changes to your benefits:

- Marriage or divorce
- Birth, adoption or placement for adoption.
Eligible employees and other dependents who previously did not elect to be covered under the plan may also enroll at the time the new dependent is enrolled.
- Gain of other coverage and enrollment into another plan.
- Loss of other coverage.
- A court has ordered coverage be provided for a spouse or minor child under this plan.

For further information on eligible qualifying events, please refer to the ICUBA Plan Document or contact your Human Resources Benefits Team at loa@nova.edu. The Plan Document can be found in the Content Library at [ICUBAbenefits.org](https://www.icubabenefits.org).

CARE MANAGEMENT FOR ICUBA MEMBERS

About Care Management

This free program connects you with a care manager who knows about your situation and health concerns. Care managers are registered nurses, so they have insight and knowledge about a range of medical conditions. If you have questions about your condition and the treatments you are receiving, they can help you get answers. Also, as you deal with an illness or injury, you might need special equipment, transportation to medical appointments, or groceries from a local food bank.

Is Care Management for You?

Care management can be especially helpful for members who experience:

- An illness such as end-stage renal disease (ESRD that requires intensive, costly dialysis treatment or a kidney transplant).
- Frequent hospitalization.
- Long-term or life-threatening illnesses such as: diabetes, asthma, musculoskeletal, and obesity.
- Extensive home health care.
- Effects of traumatic injury.

An Advocate Who's on Your Side

When a person is dealing with serious illness or injury, it can be stressful for the whole family. You might be uncertain about which health goals are realistic for you now, or how to make the most of your health insurance benefits. Care managers have experience connecting patients with the resources and information they need.

Do you think you might benefit from care management services?

You don't have to go through these challenging times alone.

How do I get credit for completing my biometrics in Strive?

You can complete your biometric screenings with your regular blood work at your annual wellness exam with a PCP or at an on-site screening event (if offered by your institution). The *Physician Results Form* allows ICUBA Medical Plan members and covered spouses to earn credit for biometrics in Strive by completing it as a part of your annual wellness visit. Screenings will include total cholesterol, HDL/LDL, triglycerides, blood sugar, blood pressure, and A1c.

- Employees and spouses enrolled in the ICUBA Medical Plan can visit your individual portal at <http://My.QuestForHealth.com> and download the *Physician Results Form*.
- If you have never registered before, please use:
 - Registration Key: **ICUBA**
 - Unique ID: **Your BCBS ICI#**
- The *Physician Results Form* contains a bar code specific to the employee or spouse and cannot be shared – it is unique to you!
- Pro Tip: If you have an established relationship with your physician, request your blood work ahead of your annual wellness exam to save time and check this off your list with one visit.
- When you visit your PCP for your annual physical, remember to take the form with you. It is important that both you and your doctor sign the Quest Physician Results Form; then, your doctor's office can fax it to the number found on the form.
- You are encouraged to request a copy for your records, and if necessary, upload/fax the form to your Quest portal.
- Members should allow at least 30 days after the form is uploaded/faxed to see credit in Strive.
- Remember, the final deadline for submission to Quest is no later than March 31, 2025.

Both PPO plans offer two dental networks:

- **Delta Dental PPO** dentists generally offer the lowest contracted rates and greatest cost savings.
- **Delta Dental Premier** dentists are your next best option, with contracted rates that help you save.

For additional information on the Delta Dental plans visit www.deltadentalins.com.

If you enroll in the DeltaCare DHMO plan you will select a primary care dentist from the DeltaCare USA network, who will then coordinate any needed referrals to a specialist.
